

PureOHS™

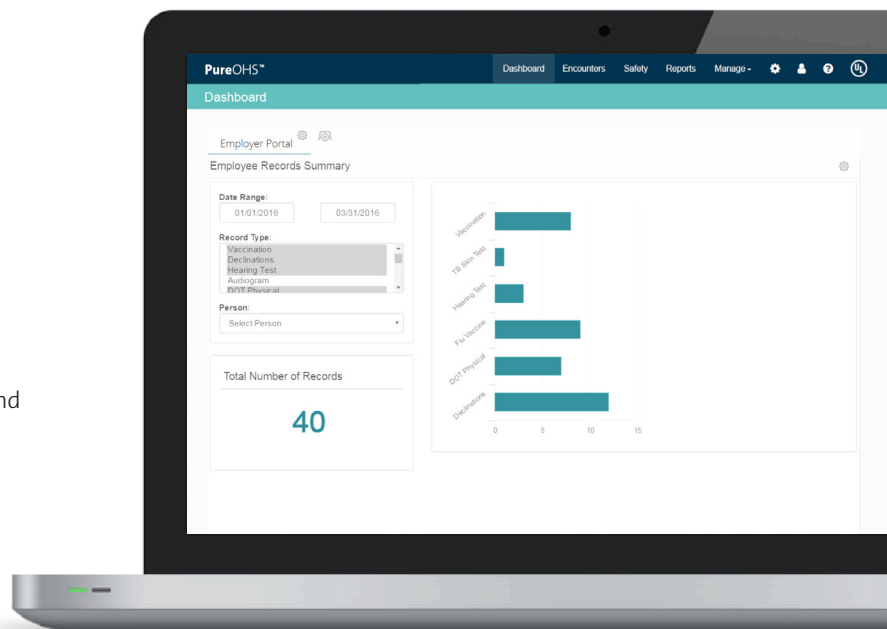

Employee and Supervisor Views Module

PureOHS™ employee and supervisor views offer employees at all levels of the organization access to accurate information at the right time, helping to streamline communication through standardized processes and without disturbing normal clinical work activities. The employee view provides simplified workflows for employees to fill out forms, manage their tasks and print personal immunization records to keep track of their medical data.

PureOHS supervisor views gives managers access to employee compliance rates, restrictions and accommodations, and assign tasks.

Key benefits

- Functionality on the go — The PureOHS web-based application can be used on mobile devices such as iPads or Android tablets to manage employees from anywhere.
- Simplified workflows — Allows you to report safety and environmental events and complete forms faster and easier.
