Digital media guidelines, specs and reporting

Use these guidelines when preparing and submitting materials for your digital media placements. Please submit all materials listed in the materials submission requirements section on or before the materials deadline to guarantee our media run date.

DIGITAL MEDIA PROCESS

- Media cannot be scheduled until a signed statement of work (SOW) has been received.
- After the signed SOW is received, a digital media coordinator will reach out to review media scheduling requirements.
- For digital media purchases, please be aware that advertisements may not contain offensive content and must meet truth-in-advertising laws outlined by the Federal Trade Commission (FTC).
- Media reports and insights will be provided upon completion of each media run date. The type of metrics available are determined by the type of media. [See examples of media reports.](#)

IMAGE FILES

- Animated GIFs are accepted.
- Images within Word documents or PowerPoints will not be accepted. Images must be sent separately in one of the following formats: JPG, PNG, TIFF, PSD or AI.

HTML FILES

- CSS must be inline styling.
- HTML must be formatted in tables.
- No embedded forms or scripting.
- All image files must be provided to Prospector for linking.
- Linked background images are not recommended.

CREATIVE FEES

- Media rates apply per submitted ads' specifications.
- Creative ad development is \$800 (USD) per ad, including up to three rounds of revisions.
- Additional edits or revisions will be billed in 30-minute increments at \$100 (USD) per hour.

Live webinar package

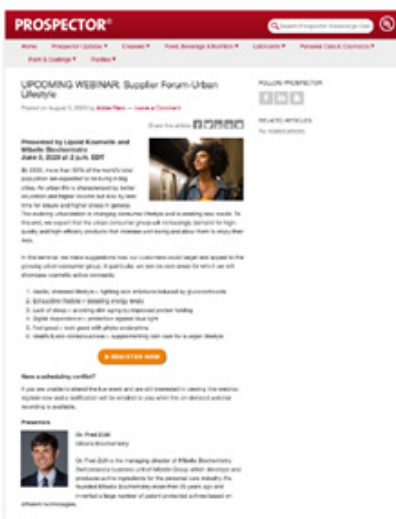

Present your content, and the Prospector team will do the rest! Webinar packages include a registration page, promotion through email and a webinar alert, as well as a follow-up email to your targeted audience.

Targeted email

MATERIAL SUBMISSION REQUIREMENTS

- Content is due six weeks before media run date.
- Presentations must be in PDF.
- A practice session is required. Three potential dates for the practice session must be provided.
- Registration page – Webinar title, date and time with timezone (within the hours of 8 a.m. to 8 p.m. EST), webinar summary or description (up to 300 words), speaker name, biography and image, a 300 x 200 px and a 510 x 510 px promotional image for registration page and thumbnail (company logo also an option), up to three questions for webinar registration form.
- Targeted email – One promotional image, 640 x 200 px.
- Webinar alert – Shortened webinar description, up to 250 characters with spaces, a logo 100 x 100 px.
- Platform banner – One promotional image for webinar platform page, 1600 x 600 px.

Webinar alert

Registration page

Webinar follow-up email

BEST PRACTICES

- The webinar package includes a registration page, a webinar targeted email and a webinar alert. Prospector will build these materials exactly as shown using the information you provide.
- Select a colorful image to promote your webinar's content.
- Select the same or complementary background images for all promotional webinar assets to keep branding consistent across media items.
- To help with promotion, include bullet points of the key learnings from your webinar.
- Include up to three questions for attendees.

*Live webinars will only take place in English

Targeted email

Select your target audience from the qualified Prospector member base. Segmentation criteria include industry, geography, job title, business type and more.

MATERIAL SUBMISSION REQUIREMENTS

- Content due two weeks before media run date.
- One 600 x 800 px HTML file (do not use embedded forms or scripting).
- CSS must be inline styling.
- All images as separate files.
- Email subject line.
- Completed selection criteria form.

BEST PRACTICES

- Prospector places the HTML inside the Prospector header and footer as shown.
- Display the logo clearly and prominently.
- Keep the layout clean and simple with minimal text or bullet points.
- Include an explicit call to action and use images to draw attention to it.
- Link to the product profile page on ULProspector.com for best results.
- Underline and bold all links.

Prospector® is pleased to provide information on the following products and services. [View In Browser](#)

**Don't let foam slow down
your innovation**

Resolve Your Challenging Foam Control Situations

Uncontrolled foaming issues can limit your productivity while formulating new products that attend new market needs, such as added sugar reduction or gluten- and GMO-free products. Dow's [foam-control solutions](#) can help you eliminate undesired foam safely and cost-effectively in all stages of food production, processing and packaging.

Additional advantages of Dow silicone antifoams vs. organic antifoams:

- Broad application range
- Effective at lower dosage rates
- Longer lasting
- Reduced cost-in-use
- Less reactive in foaming medium
- Fewer compatibility problems
- Odorless and tasteless
- FDA Regulation 21 CFR 173.340 compliance

Sponsored article

Hosted on Knowledge Center

MATERIAL SUBMISSION REQUIREMENTS

- Content due two weeks before media run date.
- Article text up to 1,000 words.
- Article title.
- Author name and biography, or company biography (if applicable).
- Supporting images and graphs.
- Promote up to five products in your article.
- One link must go to Prospector.

BEST PRACTICES

- The most engaging articles are educational and focus on a subject about which you can demonstrate your expertise. Article examples include:
 - Case study.
 - Research findings.
 - Solution to formulation challenge.
- To make your article web-friendly and minimize scrolling, keep the word count between 700 to 1,000 words.
- Images supporting the article's written content should be sent along with directions or examples of where they should be placed within the copy. Please make sure you have the legal rights to publish any images you send.
- Prospector retains final editorial oversight, which may include collaboration to optimize the article's success rate.
- Article content submitted should be ready to publish.

*Please reference the markers on the newsletter example for the approximate placement of ad types below.

D Showcase ad

MATERIAL SUBMISSION REQUIREMENTS

- Content due two weeks before media run date.
- Character count includes spaces.
- Text with image.
 - Image – 250 x 125 px.
 - Main headline – 40 characters with spaces.
 - Sub-headline – 50 characters with spaces.
- Body copy – 150 characters with spaces.
- Call to action – 30 characters with spaces.
- Two links per showcase ad.
- One link must go to Prospector.

BEST PRACTICES

- Prospector will build the showcase ad exactly as shown.
- Please send no more than the allotted character counts, which include spaces.
- Please send image as a separate file.
- Keep your copy brief and include a call to action.

E Enhanced product announcement

MATERIAL SUBMISSION REQUIREMENTS

- Content due two weeks before media run date.
- One company logo image, 160 x 80 px.
- One product listed on ULProspector.com.
- One product description up to 250 characters, which include spaces.

BEST PRACTICES

- Enhanced product announcement can promote one product or formulation – product title must match Prospector product profile page. No product lines or company announcements.
- If no product description is submitted, the description from the product profile page on Prospector will be used.

On-site advertising

Reach your target audience while they are engaging in materials research on ULProspector.com. Create supplier branded pages to leverage our SEO authority for your content. Or deliver ads by region and industry. Additionally, include Sponsored Search Results and “Where to Buy” information to your product listings.
